

Personalized Pharmacy

Founded in 1987, Family Physicians Group was created to ensure you receive the most comprehensive, preventative and proactive health care services from a team of experts.

Our health care model includes you, your family, a primary care physician, hospitalist, case manager and social worker and results in a personalized care plan that focuses on your lifestyle and unique medical needs.

Simple and Convenient

Family Physicians Group
"YOUR PATIENT-CENTERED MEDICAL HOME"

The Family Physicians Group Difference

Family Physicians Group is Central Florida's leading patient-centered medical home. With more than 20 locations to serve you, we offer comprehensive care and services to help you manage your health and maintain your well being.

FPG's personalized pharmacy services provide you access to low-cost, brand-name and generic medications, free shipping/delivery and flexible payment options. This benefit allows your physician to easily manage your medications and insurance benefits – at no additional cost to you.

Medication Therapy Management

Our experienced and licensed pharmacists review all patients' medications to ensure the best results and prevent unsafe side effects. Your pharmacist reviews your prescriptions regarding:

- Drug to drug interactions
- Drug and disease interactions
- Drug and food interactions
- Drug interactions with herbal supplements
- Duplicate medications
- Side effects

We also give advice on when and how to take medications and ways to save money.

Medication Voucher Program

The program provides medication assistance for commonly used prescription drugs associated with specific chronic conditions such as:

- Diabetes
- Heart failure
- Hypertension
- Chronic obstructive pulmonary disease
- Chronic kidney disease
- End stage renal disease

Let us take care of your medications, so you can enjoy the important things in life
